## **Kimberley Sustainable Development Trust: Review Update**

In May 2021, the KLC Board appointed highly respected legal practitioner Tony Power to lead an independent review of the operations and management of the Kimberley Sustainable Development Charitable Trust (KSDT).

The KLC instigated the independent review to ensure KSDT continues to operate with integrity and transparency, and in the best interests of Aboriginal people in the Kimberley. This is the first independent review of KSDT, which was established in 2002 to provide a trust management service as a lower cost alternative to other trust services.

The KLC expects the review to be completed in the coming months. We welcome any recommendations from Mr Power on how the operation and management of the Trust can be further strengthened, and we will continue to communicate about the review to our members and the wider community.
