

Kimberley Land Council

Holding statement: Termination of CEO

29 April 2021

The decision to terminate the employment of the former Kimberley Land Council (KLC) Chief Executive Officer Brian Wilkinson was a decision of a majority of the 29-member KLC Board.

While the resolution to terminate the former CEO was not passed unanimously, it was carried by a clear majority of the Board who decided Mr Wilkinson should not continue to lead the KLC.

The KLC's former CEO and director Wayne Bergmann has been appointed interim Executive Director, while the search for a new full-time CEO is underway.

The KLC is proud of its successful track record of creating opportunities for Kimberley First Nations people.
